

7.1.1 REFLECTION

After working with the “Roaring Twenties” for the last 8 days, reflect on the experience. I am looking for three paragraphs: 1) Describe the process of creating your Keynote/essay including anything you learned, how you researched, etc.; 2) Summarize the feedback you received on the 7.1.1 discussion page ([click here and it should take you there](#)) describing how others felt about your work; 3) Reflect upon your own work and describe steps you could take to make it better, even if your grade was 20/20. Export to PDF and upload to your wiki and link to your student page when finished.

There were many things I learned while researching about the KKK. One of the things that I learned was that they were founded by Civil War Veterans. Also that the Klans were mostly centered around the southern part of the U.S. but after blacks moved to the northern parts, the KKK followed. During the late part of the second Klan's span, one of their members was charged for the murder of an entire family. I learned many things researching the Ku Klux Klan.

After looking at the responses from my keynote, most of them had the same thing. Most of the people that looked at my keynote said that I could've added more details.

If I want to make my work better I could do a couple things. One of the things I could do is research more than one site. Also I could try to get some info from people doing the same thing.
